<b>TOTAL EXPENSES</b>	<b>7,658,317</b>

## WHAT IS PONY BIRD INC.

### Mission Statement

*The Mission of Pony Bird is to provide quality care to non-ambulatory persons of all ages with significant intellectual and physical disabilities.*

### Vision Statement

*Pony Bird's Vision of the Future is to be the premier provider for maximizing the quality of life for non-ambulatory persons with significant intellectual and physical disabilities.*

### Core Values

*Compassion, Dignity & Respect: All persons are unique and shall be treated with respect, compassion and dignity.*

*Family: Provide all services in a family environment.*

*Well Trained & Dedicated Staff: A dedicated, loyal and qualified staff is essential to accomplish our mission.*

*Ethical Professionalism: We will maintain the highest standards of professionalism and ethical behavior.*

*Efficacy & Efficiency: Operations are outcome based with a responsibility for financial sustainability.*

*The Whole Person: We consider the physical, emotional, intellectual, social and spiritual needs of each person.*

### How Pony Bird made an Impact in Fiscal Year 2020-2021

Provided safe and healthy Residential Programs for 54 individuals

Created and implemented rigorous COVID protocols to keep the individuals and staff safe

Partnered collaboratively with community organizations to provide virtual workshops and camps for the individuals

## Letter from the President & CEO

## Pony Bird, Inc. and NextStep for Life Merge to Create a Strong Continuum of Support

On February 9, Pony Bird and NextStep for Life announced our plans to merge into one organization. It's exciting news! This merger will create a continuum of support for individuals with intellectual, physical, developmental, and other disabilities that does not otherwise exist in the community.

The merger also drives opportunities to improve service delivery, diversify programs, and addresses needs of growth with the development of more resources for individuals and families in the community. Simply put – we are better, stronger, and will have more impact in the region for individuals with disabilities and their families.

The workforce crisis and potential shifts at the State and Federal levels compelled organizational leadership to proactively address the challenges and possible changes.

**Together, we create a continuum of support that does not otherwise exist in our community.**

In partnership,  
Sara Sucharski,  
President & CEO

Through this merger, the new Pony Bird, Inc. will be able to provide more resources and a greater scope of services for the community by creating operating efficiencies that allow staff to more effectively maintain the high-quality services for which we are known. The new Pony Bird, Inc. will be able to more effectively aid an individual of any age with disabilities across their lifespan and with person-centered services that will meet their needs.

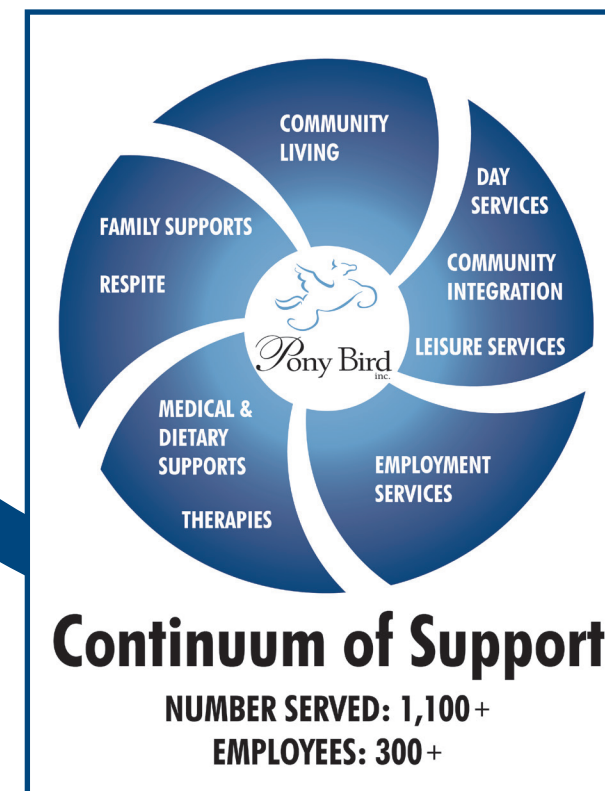

Regarding the merger, Jennifer Wooldridge shared, "Serving people with disabilities has been my passion for over 40 years. I have been part of this ever-changing landscape of service delivery professionally, financially, and socially. I know that there is power in numbers and partnering with an organization with the same desire to deliver quality-driven services will make a meaningful difference for both those served and for the region as a whole. As I move into retirement, I embrace this new entity as a valuable organization for all stakeholders."

We are so grateful to have you here with us.  
**HERE'S TO OUR EXCITING NEW FUTURE!**

Sara Sucharski adds, "We are fully engaged and excited for the opportunity to redefine and strengthen service delivery in our region. We will provide a true continuum of support that is led by a multidisciplinary team with experience, commitment, and passion to ensure individuals in our communities may access quality-driven services. The combined knowledge of the teams and the commitment they provide to the individuals we serve are truly the benchmark in the industry. The merger allows us to achieve our goals with greater regional impact while creating efficiencies and sustainability as regulations and funding models adapt on the state and federal level.

We have retained the name Pony Bird, Inc. for the new organization, but are exploring opportunities to include the name NextStep for Life in some other way. Pony Bird will continue to be led by Sara Sucharski, President & CEO, and allows for the planned retirement of Jennifer Wooldridge, the current CEO of NextStep for Life. The merger will be finalized June 30, 2022, and we expect full integration will take 18-24 months.

For more information about the new Pony Bird, Inc. or the merger, please visit [www.ponybird.org/nextstep](http://www.ponybird.org/nextstep) or contact Sara Sucharski by phone at 636-931-5818 or by email at [merger@ponybird.org](mailto:merger@ponybird.org).

# SUPPORT SERVICES

For more than 40 years, Pony Bird has been a leader in providing a homelike *Community Living* setting for non-ambulatory children and adults with significant intellectual and physical disabilities. Twenty-four hour personal care is provided by trained staff including speech/physical/occupational therapy, dietary management, health care management and transportation for essential medical care. Day services are provided Monday through Friday. Each day participants take part in therapeutic activities that are geared toward achieving individualized goals. These goals include increasing independence, physical capabilities, communication skills and decision making. Overnight and day respite care is also available to families in the community who have a family member with these needs. Pony Bird's family of special ones enjoy ongoing *Therapy* educational learning, activities, community outings and therapy services to create their highest possible quality of life.

## Pony Bird *Day Services*

is the only private non-for-profit organization in the Metropolitan Area specializing in supports for medically fragile individuals of all ages and has been recognized by the State of Missouri Department of Mental Health for our outstanding level of care. Every individual is treated with dignity, love and respect. For many, Pony Bird is the only place that can provide the intense level of day-time and overnight respite to families with a non-ambulatory child or adult requiring specialized care. Day-time respite can be scheduled for just a few hours. Overnight respite is also available, not to exceed two weeks during any one visit. During either respite stay, personal care is provided (24/7), including medical care, dietary management and participation in daily programs and activities.

Pony Bird provides a warm empowering support system where abilities are celebrated. Individuals are given a chance to explore their own unique skill sets, while actively engaging in the community.

Individuals who call Pony Bird home are active members of their community. Volunteering allows them to maximize their abilities as active participants in activities such as Special Olympics, canine therapy programs, Meals on Wheels, disability awareness week at local schools or donating artwork to other charities. It gives the individuals an outlet to feel connected and fulfilled. These community integration activities give the residents the chance to become full participants in their community.

## *Community Integration*

**ISL** Pony Bird's new Individualized Supported Living (ISL) program is going strong. Three young men are supported in their independence through a partnership with Rainbow Village. Pony Bird staff provide 24-hour care including nursing support so that they are living their best lives possible. Through this new program, the brothers participate in community and volunteer activities, are learning life skills, and are supported in their independence.

# PARTNERING WITH PONY BIRD

## Give

**Pony Bird values our relationships with the community** and can customize giving in ways that are meaningful to you. Giving opportunities include:

- One-time donations to support operations or designated programs and projects
- Automated, monthly giving to support your charitable goals and take the pressure off you to remember making your monthly gifts
- Endowed giving that strengthens the capacity of our programs to continue well past a one-time gift
- Event sponsorship for companies and individuals that offer public recognition opportunities
- Major gift investments in large-scale expansions or projects that advance and expand Pony Bird's mission and services

## Legacy

**Pony Bird's vision** is to serve as a premier provider well into the future. To make this vision a reality, we offer legacy giving opportunities to individuals who wish to make a lasting difference. Legacy giving opportunities include:

- The ability to create a family endowment fund in memory, tribute, or honor of a loved one.
- Exclusive membership in the Pegasus Society with a gift of \$10,000 or more.
- Access to trusted estate planning advisors
- The ability to endow programs or positions to ensure that Pony Bird continues its excellent work for years to come.

## In-Kind

**Pony Bird thrives** not only on the financial generosity of our supporters, but through the collective impact of community members who rally to donate goods and services vital to our success. Organizational, home, and individual needs are shared through wish lists created by program staff and leadership.

## Volunteerism

Since 1977, **Pony Bird has been equipped** to provide our high-quality services with the support of corporate and community partners who volunteer in support of our mission. There are many ways in which you can give back by offering your time and talents to meaningful activities and projects around Pony Bird.

For more information, or to schedule your group, please contact Kelly Feldmann at 636.931.5818 or [kfeldmann@ponybird.org](mailto:kfeldmann@ponybird.org).
