

2025 Ninja Flag Football Season

Offered through Pony Bird Leisure Services
beginning with

Football Clinic

with Hillsboro Football Team

Wednesday, May 7th

Hillsboro High School Football program is offering a football clinic on Wednesday, May 7th . Pony Bird will be offering training in Flag Football to Special Olympics athletes and inviting Unified players to join us as well. This clinic is a great way to kick off our 2025 Flag Football program and will help players gain confidence in playing the game. We also hope to expand this program to include more high school athletes from county school districts. Anyone is welcome to join us, including participants with and without intellectual disabilities. In addition, mixing with the Hillsboro High School team is fun for our athletes and will be an awesome experience for all.

Ninja Flag Football: If you love football, this is a safe way to play the sport. Flag football is non-contact so there is no additional risk of injury playing this versus other sports. It's fun to play and has really taken hold in Special Olympics. Join our Ninjas this year and try it out. This is our 12th season. You are sure to have a great time. We will be forming Unified teams, where players without disabilities will play alongside our athletes for direction and support. Please share with students or family members who would like to join us as a Unified Partner.
