

2026 Pickleball Season

Pickleball is the new FUN!! Due to the growing interest in our Pickleball program, Pony Bird offers training at 2 locations this year. We practice at the courts at High Ridge Civic Center as well at Jokerst Memorial Park in Festus MO. The Jefferson County Parks Department and Festus Parks Program supports us by providing courts to us. Courts are reserved every Monday night during our season to learn the skills needed to be seasoned players. For the most successful outcome for our athletes, this is a Unified sport. We are looking for individuals without a developmental disability to play alongside our athletes in doubles play. Parent, siblings, or friends make great Unified Partners while spending quality time together. It's great fun for everyone and really enhances the skills of both team members. If you are interested in joining our team, you will find information below. Please indicate your practice site preference at the time of registration.

Practice Sites/ Interleague Play

- High Ridge Civic Center
- Jokerst Memorial Park—Festus
